

Launch & Learn

4 session 60 minutes

Purpose

Launch & Learn helps educators gain confidence and practical classroom ideas through short, focused professional learning experiences. Participants leave every session with something they can use immediately.

The Sessions

Getting Started with Educational 3D Printing: *How can 3D printing fit into my classroom?*

Tinkercad in 60 Minutes: *How do students create designs?*

Classroom Projects That Actually Work: *What projects are worth my time?*

Your First 30 Days: *How do I successfully launch this?*

Why Schools Love Launch & Learn

Many teachers cannot commit to full-day or half day training.

Launch & Learn provides:

- ✓ Flexible scheduling
- ✓ Budget-friendly pricing
- ✓ Immediate classroom application
- ✓ Minimal disruption
- ✓ Consistent professional growth
- ✓ Easy entry point into the 3DEDU pathway

Signature Promise

Every educator leaves each session with:

One new skill.

One classroom idea.

One action step.

No fluff.

No overwhelm.

Just practical innovation that fits into a lunch break.
